KS-6900 Series

Posiflex unveils the fan-free KS-6900 series as a middle-range innovative POS terminal.
The KS-6900 series stands out by its streamlined and patent aluminum die casting design, IR touch screen, RAID 1 backup, as well as UPS functions. The built-in UPS function is embedded on main board developed by Posiflex for better stability than others. Spill-resistant and anti-dust features allow it to operate calmly even in a harsh environment.
Besides, the KS-6900 series supports Intel Pine View 1.8GHz CPU with optional 17"/15" touch screen in a small footprint. It also supports versatile peripheral options such as MSR, customer pole display, programmable keypad, and a wide range of connectivity to meet numerous applications.

The KS-6900 series showcases innovative features and better performance for retailers who concern about data protection.
